

Butterfly's Journey

Artist/Maker

Tom Huff

Medium

Stone, Brazil soapstone (steatite)

Description

Female figure with head turned to the left side and long hair tied near the bottom, wearing a beaded necklace with a shell pendant. An incised collar and relief button are at her neck. Her long robe is incised with sky dome pattern around the lower edge, a butterfly on the back, and a floral design on the front. Her hair and parts of her robe are incised to create variations in texture and color.
